### **General Rules**

1. Entries may be made Friday, March 22, 2019 from 3 to 8 pm and Saturday, March 24th from 7 to 10 am. All exhibitors must be off the floor by 10:30 am. This rule will be strictly enforced.
2. Entry cards for exhibits will be available at the show and may also be obtained in advance from the show chairman.
3. Entries, awards, and ribbons may not be removed until 4 pm Sunday.
4. This schedule is the law of the show.
5. Judging to begin at 10:30am; decisions of the judges are final. Awards may be withheld if not merited.

### **Rules for Horticulture Exhibits**

#### Entries

6. All classes are open to anyone who grows daffodils except where specified otherwise.
7. Any information on an entry tag, including the exhibitor's number, which could compromise the anonymity of the exhibitor must be concealed during judging.
8. An exhibitor may make as many entries as desired in any class, provided each entry is a different cultivar or species or an entirely different collection of cultivars and/or species.
9. All blooms in the Horticultural Division must have been grown in the open by the exhibitor. Miniatures and daffodils grown and shown in their containers may be grown in protected areas.
10. Wedging material and containers for cut flower exhibits will be furnished by the show committee. Except for daffodils grown and shown in their containers, no daffodil foliage is permitted.
11. All collections of five or more stems must be exhibited with each cultivar or species in a separate container.

#### Labeling

12. Each cultivar or species must be correctly labeled with name and division. Originator's name must appear on the label in American bred classes except seedlings shown by the originator.
13. Exhibits which are not named or are incorrectly named will not be judged. Correct classification and labeling shall be the responsibility of the exhibitor. Exception - Section L, Unidentified Daffodils.
14. No label may be changed, specimen added, removed, altered, or substituted after judging has begun or after an award has been placed.

#### Intermediates, Miniatures, and Seedlings

15. An intermediate daffodil is a standard daffodil in divisions 1, 2, 3, 4, or 11 having a single floret whose diameter is typically greater than 50 through 80 mm. Intermediate daffodils may be entered in classes for standard daffodils as well as classes reserved for intermediate daffodils.

16. Miniature daffodils may be shown only in classes for miniatures. A miniature daffodil is any cultivar on the current ADS Approved List of Miniature Cultivars except as noted in the Historic Section H. Also, any named or numbered diminutive daffodil which appears graceful, with all of its parts proportionately small, may be exhibited in Miniature classes and is eligible for all ADS awards, except that only numbered seedlings shown by the originator are eligible for the ADS Miniature Rose Ribbon. The judges may decline to judge any exhibit containing an unapproved miniature they consider too large for these classes. Winners of the Historic single stem, 3-stem, and collection of 5 are eligible for consideration for the Gold, Mini-Gold, White, Mini-White, and Purple Ribbons, in which case they are to be judged on the Cultivar scale.
17. Blooms of seedlings may be exhibited in all classes for named cultivars. **ALL SEEDLINGS MUST BE IDENTIFIED BY A NUMBER DESIGNATION ASSIGNED BY THE ORIGINATOR.** If the exhibitor is not the originator, the name of the originator must be included as a part of the identification.

#### Awards

18. Each stem in an exhibit of cut flowers receiving an ADS Award must score 90 or more on the appropriate ADS Scale of Points.
19. Only one first, one second, and one third-place award may be given in each class. Honorable Mention awards may also be given if merited but only if first-place, second-place, and third-place ribbons have been awarded. First, second, third, and honorable mention awards may be withheld by the judges if in their opinion the exhibit is not worthy. If a blue ribbon (first place) has been awarded in a class eligible for an ADS ribbon, the ADS award may not be withheld.
20. The decisions of the judges are final. If an error is discovered in an exhibit after completion of judging, any award placed thereon (ADS, Special, or Ribbon) shall be forfeited by the exhibitor. If an error is discovered before the judging is completed, the class must be re-judged.

#### Miscellaneous

21. The Show Committee reserves the right to subdivide classes by cultivar or color code when there are three or more worthy exhibits of the same cultivar or color code and if a sufficient number of worthy exhibits are left in the class. Species classes may be subdivided by their botanical sections.
22. The Royal Horticultural Society system of classification will be used. The labeling authority is "Daffodils to Show and Grow" as amended each year in the December ADS Daffodil Journal supplemented by the current information in the ADS Internet daffodil database, DaffSeek.org.

**SECTION C – CLASSIC DAFFODILS**

---

This section is open to all standard cultivars introduced from 1940 to 1969 inclusive. All cultivars shall be labeled with name, division number, and year of registration (or introduction). The date shown in the *American Daffodil Society online database daffseek.org* will be the authority. The Classification Committee may subdivide each class by decade and/or division, regardless of the number or quality of exhibits in each subdivision prior to judging. Daffodils in this section will be judged using the cultivar scale.
